

# MESABI<sup>®</sup>

FLEXIBLE CORE HEAT EXCHANGERS

## MESABI<sup>®</sup> Replacement Radiators for Caterpillar<sup>®</sup> Folded Cores

- **NO LEAKY SOLDERED SEAMS**

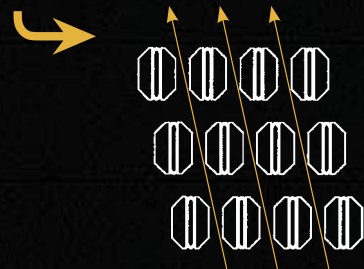

Individual cooling tubes are held in headers with rubber seals to absorb stresses and vibration.

- **FIELD REPAIRABLE**

Seals allow any damaged tubes to be removed and replaced in-the-field, often without removing the radiator from equipment.

- **EASY TO CLEAN**

With optional V-tube core, tubes are arranged to create open passages so dirt and debris can blow through radiator.

Clog-resistant Passages

- **SIZED TO MEET CAT<sup>®</sup> ENGINE SPECIFICATIONS**

- **48-MONTH WARRANTY AGAINST SEALS LEAKING**

# Three ways to build MESABI® radiator dependability into your Cat® equipment

# 1

## **PURCHASE A COMPLETE MESABI® RETROFIT REPLACEMENT RADIATOR**

L&M Radiator manufactures complete **MESABI®** engine radiators and radiator cores for **Cat®** equipment.

# 2

## **Exchange your Cat® radiator for a MESABI® radiator - and save**

The exchange program is designed specifically for operators of **Caterpillar®** D11N, D10N, D9N and D8N dozers. Under this unique program, L&M Radiator will provide a **MESABI®** radiator to retrofit your machine. Once installed, return the original **Cat®** tanks and side channels to L&M Radiator, Inc. in Hibbing, Minnesota, and you will receive a credit towards a future purchase.

# 3

## **Let L&M Radiator convert your Cat® frame into a new MESABI® Core Radiator - and save**

Anyone with **Cat®** heavy duty, off-road machinery equipped with a **Cat®** folded core radiator can send the original radiator (tanks and side channels) to any L&M Radiator manufacturing facility, and L&M will install a **MESABI®** core into your frame.

**Contact L&M Radiator for complete details.**

Special programs available for fleet conversions!

**L&M Radiator can replace Cat® folded cores, AMOCs, oil-to-air coolers, after-coolers and tube and shell coolers.**
